I got my dream job!

Starting November 17th, I will work with Audubon International to help golf courses and hotels around the world to be more environmentally friendly and sustainable. Thank you, everyone, for all your encouragement along the way.

I will be a very happy cat this Halloween, and in this life.

Those little seedlings never got to sprout.  
I have resigned from my dream job at Audubon International. Next chapter begins now.  
Thank you to all my friends who have supported me, believed in me and were there for me every step of the way.

LANDSEER COMMUNICATIONS AND CONSULTING

See the Land, Tell the Stories

Red-tailed hawks are raptors, like the other raptor mentioned in this book, the owls, the female red-tailed hawks are usually larger than their male counterpart. Red-tailed hawks have a harrowing, majestic call that is usually used to dub a bald eagle. During mating season, the male red-tailed hawks will perform rituals such as high dive to impress his potential mate. Because they like to hunt over an open field while perching on a tree, golf courses are perfect for them. Watch out for a diving hawk (or admire it to your heart's content) when you're walking on the 15th and the 16th fairways!
