

Raking in the Green with a Legacy Tree Program

Steve Hammon – Traverse City Golf & Country Club

How it Started – Member Requests

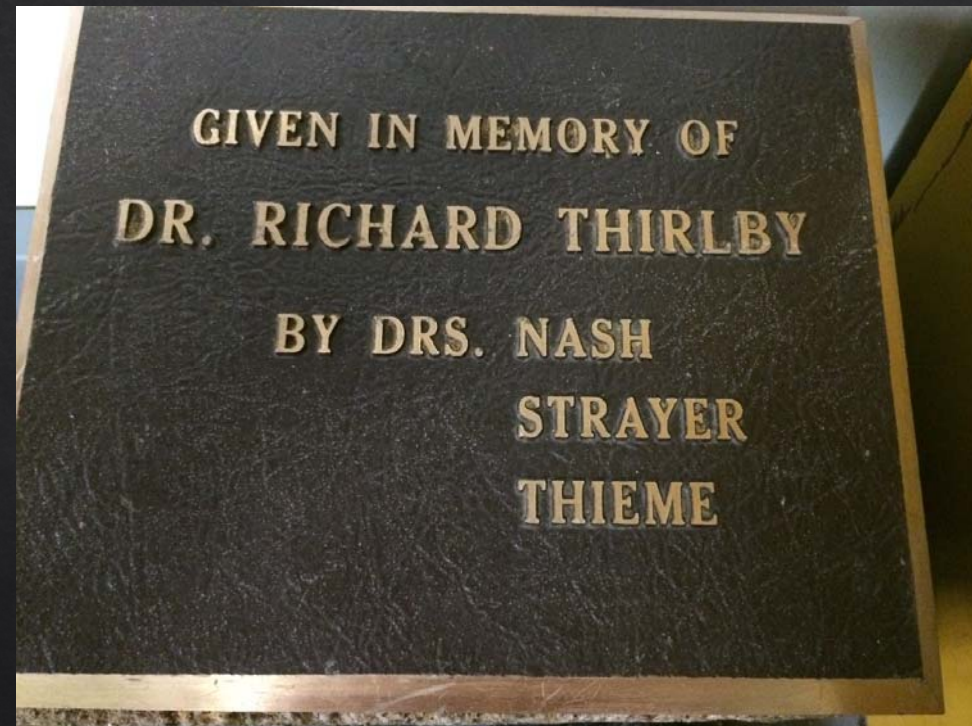

Country Clubs *are* about Family Memories

Committee Requests and Key Tree Replacements

President Set in the 1970's

The Thirlby Tree

The Program Starts

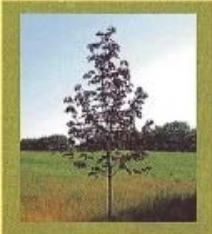

**The
Legacy Tree
Program**

began in 2010 with the
generous support
of its founding members:
The Jonkhoff Family,
The Dutmers Family and
The Prust Family.

Through this program,
members have the opportunity to
remember and honor a loved one.
The participants are also adding
to the traditional beauty of
Traverse City Golf and Country Club
by providing beautiful and majestic
trees throughout the course & property.
